Sub : Regarding Problems of Contract workers at Mandsore & Jabalpur

Res Sir,

I am constrained to inform you that Contract Workers at Mandsore are sitting on Dharna since last 40 days but Management is paying no heed to their issues. Contractor has mercilessly retrenched the workers who were working for BSNL/DOT since last 20 – 25 years. Due to prolonged Dharna , health of some of the workers is deteriorating but management seems to be undisturbed.

Similarly in Jabalpur the contract workers are on strike since 25.8.2016. Management's negligence towards settlement of the problems is disappointing. It is reported that Contractor has directed the workers to obey his orders only & should pay no attention to SDO's instructions. If the workers demand wage increase as per rules , they are threatened of the retrenchment. Contractor is acting on his own whims, violating existing labour laws & instructions from Corporate Office, Workers are denied of EPF & ESI facilities, Identity Cards are not issued and payment through cheque is not being made which is mandatory. Workers were tolerating this situation since long time but their continued exploitation has resulted in the resentment and under compelling situation the workers resorted to strike

Owing to above unpleasant situation, services of BSNL are being hampered. As such BSNLEU can't remain mute spectator and demand immediate intervention of top management and address the issues. Hope, at least Circle Management will not remain inhuman & demands will be settled through tripartite meeting.

With kind regards,

Yours Fraternally,

(Prakash Sharma)
Circle Secretary
